

## The Salem Award for Human Rights and Social Justice

### Nomination Form

Each year **Voices Against Injustice** awards the Salem Award for Human Rights and Social Justice to an individual or group. The Salem Award was created by the Tercentenary Committee and was first presented in 1992, in commemoration of the infamous Salem Witch Trials of 1692. The purpose of the Award is to support the work of individuals and organizations who stand up for Human Rights and Social Justice and to promote an understanding of the lessons of the Salem Witch Trials.

### **Selection Criteria**

By studying the Salem Witch Trials, we learn that order was restored to the Salem community by the outspoken protests of a few good citizens who spoke bravely and acted courageously in opposition to the prevailing chaos. In Salem, Massachusetts in 1692, certain individuals risked their lives to speak against the oppression of the trials and to call for order and forgiveness. Today, we continue to depend upon those few individuals who will not be silenced by fear and social disorder.

In recognizing and honoring present day champions of human rights and social justice, we publicly acknowledge the powerful significance and practical consequence of their work and join them in fostering compassion, inclusion and reconciliation within our community.

The committee seeks to recognize individuals and/or organizations who..:

- Demonstrate a commitment to and efforts towards human rights and social justice issues particularly within the two years preceding their nomination;
- Demonstrate courage by speaking up against bigotry and intolerance.
